The Free Robux application is compatible with almost every device, and can be used to play games on the computer or on your smartphone. This means that users can play games offline when they are not connected to the internet. The 100Robux app is compatible with the devices which launch in 2017, such as iPhone 7, Samsung Galaxy S8 and Google Pixel.

In December 2016, Roblox changed its website design again.[64] This can be viewed here: Roblox Main Page. An official subreddit was created in January 2012 by user pb_bacon.[65] It has since grown to have over 3,000 subscribers (as of May 2018) and 338 pages (as of May 2018).

To make money on Roblox is really hard for most gamers, because they need an account in order to sign up for an offer or do a daily ad. Also most offers only require 10 robux , which does not look like that much at all. The 100Robux app has made it easier to make money on Roblox. They may not give you 100 robux at once, but when you have 500 robux in game, another user may ask for 120 robux for an account or a shirt. That would be 60 robux profit. This lets me and other players make money off their skills, and in return they earn virtual currency which they can use to buy premium features or clothing for their character in the game that they are playing.

In 2018, ROBLOX announced that it will be taking a chunk of its earnings and give it to the developers among them. Some developers are making over \$5,000 USD per month using ROBLOX. Roblox has had two cases with Microsoft. Roblox was originally banned from Xbox Live due to the game running advertisements which violated Microsoft's Terms of Service by being inappropriate for children. The ads contained anime-style nudity and extreme gore. This was later changed however when Roblox reached an agreement with Xbox Live regarding the matter between them.
