On March 22nd 2018 a father claimed that his young son was being harassed by online predators on roblox. His son was given what he believed to be an authentic phone number for support from roblox but it was actually a phone number for an adult service in California called "Spunky".

If you are trying to get free robux on roblox without having to pay money, then there is no better way than this hack tool. This will give you an advantage over other players, and it is a lot easier for you to use it with your friends.

In 2017, ROBLOX held its first annual "Builders Open Tournament" during March Madness of that year. The tournament features five games and has a prize pool of \$100,000 (prize money to be awarded at the end of the tournament). The tournament also gave away 5 million Robux (10x), which was enough to purchase an Xbox One S.

ROBLOX also allows people to manipulate the games in an unfair way; they can do this by changing the difficulty level of a game or removing potential players from playing a game. They also can sell cheat codes on their website. This is similar to the "scams" created by advertisers in that they are selling cheats for an unfairly high price (such as \$2.50 USD) so that only people who pay will be able to use the code to cheat or hack the game. However, this is an unfair way of making money.
