In 2021, the game gained attention when a player won a card pack as part of a charity raffle. The player was awarded the card "MYSTIC MINE" by developer United Pixelworkers after taking part in an event via their Twitter account. Mike Miller, the developer of the mobile game, confirmed on his Twitter page that it is an actual card for sale in their store and since then has made appearances in real-world merchandise and as part of cards used in tournaments.",

Good but... by minecraftgirl_2021 on 2021/02/18 22:32 This game is great i love it but there are WAYYYY to many ads and the coins aren't cheap at all. I don't mind watching ads for getting coins and what not but I don't do it all the time like you guys want me to. I only have a small allowance which means a lot of my money goes to starving myself on this game. And if you get an ad like once every hour just be thankful for what you get because 90% of phone apps are like that or even worse. Anyways it is a great game and I love it but there are some glitches. Like when I'm clearing the road, I have to tap on the broom to be able to sweep and keep tapping until it unlocks which causes me to lose a lot of lives. Also you could fix one of the new updates where coins and gems and tickets go away sometimes. Sometimes they don't even go away if you got them from one of the game features. And those features are part of getting coins and gems. What about lucky tickets? And if you have this problem too then just tap until it unlocks then get off for like 5 minutes or so then re-open the game. That usually fixes it. Also please fix the issue with the ticket counter. I don't know what it is but I've been watching a lot of videos and forums and they say that if your game is running slow then you should

get rid of the "Greatest Hits" feature but you don't get any more coins or like any more credit for using that feature. It's just a wasted ability.",

Good game but glitches by lokeylove on 2021/03/12 15:52 I love this game it's very entertaining and fun! However, there are a couple things that I would like to see changed. One being the chat in the game. Whenever I'm in it, all I hear is people asking each other for gifts or sending each other back-and-forth gifting requests which is very annoying. I also have to say that the bugs are pretty severe. For example, I had a chat with another player, which I was supposed to be able to skip, however it turned out that you just have to wait for her. Sometimes when the game glitches during your turn, a few opponents can attack you at the same time and you will lose all your troops while still being on "your" move.

Basically, it's very annoying.",

"If you have been looking for the best way to have fun with coin master free spins and unlimited coins, Coin Master Puss in Boots Hack MOD APK is one of the best tools available on the internet. Download it now to enjoy unlimited amount of coins and free spins that will last for hours." This is one of the best games ever. The graphics are great, the soundtrack is good and I really like how it uses my location to make the levels more interesting. The only problem with this game is that although, it's a free app...it's not actually. You can't get far without having to spend a lot of your real money on extra lives and coins. Even though you can earn free lives by watching videos or playing other games, it's still not enough unless you buy some more which cost actual money. That's why it's not really free, but it was a great game while I could play it. "Greatest game ever! I love this game because you can play with your friends in any place and this is a best game." "I really loved this game! It is simple and so much fun to play. My favorite part about the game is making alliances with other players and working together to defeat bosses. But there are some issues with the app... right now, I am stuck inside of a picture puzzle that will not let me continue. I have deleted and reloaded the app many times but nothing has helped. If I can't get out of the puzzle, I will have to delete the game. Also, many other players have told me that they wish there were a way to get better armor without having to pay real money. Overall though, this is still one of my favorite games and I don't want to delete it." But you did... so what do you do? Delete it. This is a game that has enormous potential. However, when your goal is to collect spins and the more you play, the less spins you get...there's a problem. Without paying real money, it takes forever to level up. If the developers would get rid of the need for real money to enjoy this game, they would make a lot more fans and earn more of that currency than they already are... real money. If I was developing this game, I'd make it fun for those who aren't going to pay for extra lives or coins and find ways to build loyalty with your fans instead of constantly making them feel like a cash cow walking into a slaughterhouse. This game has so much potential, but in its current state I can only say this about the game... "It had promise."",
