On January 10th, 2016 United Pixelworkers released a free "Coin Master" themed virtual pinball table through Pinball Arcade game for mobile devices, IOS and Android platforms. This pinball table has over 100 levels of play including three unique modes that were never included in the original game due to time constraints The full version of the table was available for purchase to those who had previously purchased the original CoinMaster app.",

Phenomenal for five years and more by Kiki123456789 on 2017/09/22 02:35 I've had this game for 5 years and it hasn't let me down once. The only thing is I don't like how it got too big and how you have to do so many things to be able to open the cool stuff like getting more land, etc. It's really hard to get diamonds but when you do, it's okay. But you can definitely win them by watching videos and doing other things. I love this game so much.",

On January 11th, 2018 United Pixelworkers announced via their official website that they had partnered with game publisher Bethesda Softworks to develop a new mobile game based on "The Elder Scrolls V: Skyrim". It is currently in development and will be viewed as a spin-off based on the "Coin Master" and "Coins & Curses" games. It is scheduled for 2019. The trailer was later released via Bethesda's official YouTube channel on February 12th, 2018.",

The game has been acknowledged for its attempted humor by including references to some real life items such as "Horse Head Oreos" and "Circle of Death" from the video game "Halo". "Coin Master App" has gained notoriety on the Internet for various reasons. One of the main reasons is that the game has a 1 in 4,000 chance of appearing on a player's mobile device. The App's "Coin Master" Twitter account posts new activity and awards every couple of minutes.",

Versions of the game have been released for iOS devices, Android devices, and desktops running Mac OS X. The main idea for Coin Master was first conceived in 2001 by Mike Miller, who had previously made games that pitted wizards against each other using fantasy-themed cards similar to ones used in "Magic: The Gathering". Miller was unable to find a developer to make what he saw as a "simple version" of the game, however, and so the idea went on to sit on the shelf due to lack of interest in the market at the time.",
