A spin off title for iOS devices called "Coin Master: Dig Deep" has been released by UPI (United Pixelworkers). On January 10, 2018 GamesBeat published an article that mentioned a new release titled "Coin Master: Poke Map" was being developed by United Pixelworkers for the iPhone. The game is available for iOS devices in beta form as of February 2018 and is free to download from the App Store. This title is an alternate version of "Coin Master" where players can view the world around them (using real location coordinates) and find loot based on their current location within the game. It also includes a newspaper titled "Coins & Curses Adventure" which is about "Coins & Curses Adventures". An article on the website says that the game was created to satisfy the desire of players for a Pokeman Go style experience with "Coin Master: Dig Deep".

"Coin Master App" has been rated as 4 stars out of 5 on Google Play(4.6) and 4.5 stars out of 5 on the App Store(4.5) for both Android and iOS devices. It has also been rated as 4 stars out of 5 on Amazon(4.17)."

The game holds an aggregated score of 7.8 out of 10 based on 35 reviews by game critics at Metacritic, which indicates generally favorable reviews. In 2016, the development team released a free-to-play game called "Coins & Curses". This game is a hybrid of "Coin Master" and the "Coins & Assets Adventure" game from 2014. In this game, players collect cards through daily quests and upgrades or buy them directly through microtransactions. "Coins & Curses" has a score of 8.8 out of 10 based on 60 reviews by critics on Metacritic, indicating generally positive reviews."

The developer of Coin Master has revealed that he is working on a "new" mobile game which is not based on any of their previously announced titles. However, a few news outlets have reported that this game is actually "Coin Master 4". This version will also include brand new characters and gameplay elements as well as updated graphics and sound as the development team seeks to keep the spirit of the original games intact."

The game was released for PC and iOS on December 18th, 2016. The full version available for purchase is the enhanced mode featuring 20 additional levels as well as the arcade mode which contains 60 additional levels. The Android version is planned to be released in January 2018."
