The game was also featured on the front page of the App Store in multiple regions including Canada, United States, United Kingdom and Australia. A spin-off title for iOS devices called "Coin Master: Dig Deep" has been released by United Pixelworkers and is available to play online on any compatible browser or directly through an app designed for iPad, iPhone and iPod Touch. This title was released as a limited time premium version with more in-app purchases which included more levels and content. The PC version of this title has also been released on Steam and is available to download directly from within the Steam application or from its store page which can be found here. This game is similar to "Coins & Curses 2" except that it includes more in-game content.",

In January 2017 Moon Active announced that they had signed an agreement with Netflix to develop a free to play mobile version of Coin Master for Android and iOS devices. The game was later released in beta form as of February 2018. It is titled "Coin Master: Poke Map" and is similar to other games developed by Moon Active such as Poke Monsters World Tour. This version of the game allows players to view the world around them (using real location coordinates) and find loot based on their current location within the game. Collectible items such as equipment, potions and rare drops can also be found.",

Fun, but.. by Aqueela on 2014/12/14 12:46 First of all, I love the concept of this game and, as an avid puzzle solver, I enjoyed completing the puzzles needed for each level. The game has some great features such as timed puzzles, word hints and more. However, I do have a few criticisms. First of all, the ads are sooo annoying! I've downloaded over 10 games in the past 2 weeks and every one of them had to be deleted because of the ads. Secondly, I was kind of annoyed with having 2 sets of tiles in a level then receiving new tiles from the previous board when you complete it. Finally, the timed levels were not that challenging and could have been better developed (so that you could make mistakes without losing time).",

Great app, but... by Anubis_In_Da_Club on 2013/11/27 15:02 I love this game, but I hated the fact that you had to wait a while until you could start another game. It was very frustrating. Overall, it is amazing! It's my favorite game because it's not like every other puzzle word app there is out there.",

The rules are simple: 1) Start or join an existing chain with two coins in it (a small number). 2) When you have a chance to flip, flip your coin to make it land heads or tails. 3) If you flip your coin and it lands on heads, your chain will add one more coin. If you flip your coin and it lands on tails, your chain will end with a space in between. 4) Keep flipping until the chain is empty or done!",
