Fun by lizzykitty77 on 2018/06/14 03:59 This game is fun and addictive you can win prizes and get free coins but there are to many adds. It takes a long time just to level up and get coins. But otherwise it's a great game!",

On January 10, 2018 GamesBeat published an article that mentioned a new release titled "Coin Master: Poke Map" was being developed by United Pixelworkers for the iPhone. The game is available for iOS devices in beta form as of February 2018 and is free to download from the App Store. This title is an alternate version of "Coin Master" where players can view the world around them (using real location coordinates) and find loot based on their current location within the game. It also includes a newspaper titled "Coins & Curses Adventure" which is about "Coins & Curses Adventures". An article on the website says that the game was created to satisfy the desire of players for a Pokeman Go style experience with "Coin Master: Dig Deep".",

In 2014 Moon Active released Coin Master: Puss in Boots "(Kasegi 2: Bukini no Tane)" for iOS as a free-to-play app. This version of the game contains in-app purchases such as power ups and coins. It also contains ads and micro transactions which can be removed by paying \$3.99 for an ad-free version of the game. The user review for Coin Master: Puss in Boots is composed of 3 out of 5 stars, with a user rating of 4 out of 5 stars (out of 1 vote).",

"Coin Master" has been a major revenue source for Moon Active, having acquired over 1 million paid downloads in its initial release on Android devices as of December 2015. The game reaches #34 on the top list of grossing apps within the Google Play market. In April 2016 Coin Master was removed from the Google Play store for unknown reasons although in October 2016 Moon Active announced that "Coin Master" would no longer continue to receive updates following version 1.0. The game page on the Google Play store has remained active however.",

Some users have also criticized the game for not being as user friendly as other games. The developer justifies this by saying that they don't believe in making their game overly simplistic, but do plan to release more tutorials. It was also stated that the game does not include any missions or goals outside of getting coins and killing enemies. However, the developer states that he is working on adding goals into the future.",
