In March 2018 the developers of Coin Master announced plans to expand upon "Coin Master" and other games they had previously worked on. The goal is to develop a wide range of games, focusing on Card-based RPGs, that will be released across a variety of platforms in both Android and iOS formats. They also confirm that they are working on "Coin Master 3", which will be based on the IP for Disney's upcoming animated film "Wreck it Ralph 2".",

The game's art-style was inspired by the 8-bit imagery of 1980s games, as well as by paintings and sculptures from the time. The artwork for the coin characters was based on photographs from real coins. The process of designing each coin character took around one hundred man hours. The game is built on a framework of Unity. It was written in C# for iOS, UnityEngine.dll for Android, and Monkey X (Monkey Engine) for PC versions.",
