Great game but... by katiebean22 on 2018/03/01 16:32 The game is fun and addictive and I have lost count of the amount of hours I've played it but there are some major issues that need to be fixed. One is the chat room. Whenever I go into a chat room full of people I usually just spam my messages out hoping to get somewhere with one person. Well, I've gotten to the point that the majority of these people don't even respond. It's ridiculous that you have to wait for them to catch up with you in order for them to chat. Another major issue is the items. You see a lot of people wanting certain items but they aren't actually available anymore. One example is a spell that costs 1000 gold coins and only gives you one use and it doesn't replenish every time you win a battle. Lastly, there are a lot of glitches happening when I play the game. Sometimes my troops disappear for no reason and sometimes I lose all my troops even though I am still making moves on the board and it gets old really fast. I would rate the game a 5 but these major issues need to be fixed.",

"Coins & Curses Adventures" began development in March 2016 when it was announced that the original game, "Coins & Curses", would be receiving a sequel. For this project United Pixelworkers partnered with developer ZenFantasia and have been working together since then to create a new game engine specifically for this title. A plot synopsis was released in April 2017 detailing the game's setting as a fantasy world similar to that of "Coins & Curses". In March 2018 the official title and date of release for "Coins & Curses Adventures" was announced alongside a promotional video of gameplay.",

Coins by CeceCeceCece on 2018/12/13 16:27 I love this game and have been playing it for years. I have reached a level where there is no more available to play and therefore am unable to make any upgrades for my games such as bakeries. It would be great if some of the higher levels were made available as in the past. It really is frustrating having to keep doing the same things over and over and over and over again without ever reaching new levels or being able to use anything you have won towards buying coins etc. Please let us know when new levels are available. I, for one, am ready to play them. Thank you",

Crashes by Tessa816 on 2014/08/11 20:36 All of a sudden three days ago, I can't play the app anymore without it crashing at some point during the round. I've deleted and reinstalled it and everything else that goes with that but nothing works... There are no updates or anything so I'm not sure what has happened...",
