Good game but needs improvement by Blazinjoe on 2017/11/01 00:52 The idea for this game is great! It's really fun and all but there's a few things that need to be fixed. First off, you guys should make it so that when someone asks for a gift, the person who asked the question can see who is sending them gifts. I know this sounds kinda petty but I've been on here a while and have had this issue more than once and it's just plain annoying to have people leave you hanging by not giving you what you asked for when they accept the request. There's also something in game chat that needs to be fixed. In game chat lags way too much and it's really annoying. And lastly, please make it so people can say "thank you" to each other when they receive gifts or spins etc... I personally love this app and I would rate it 5 stars but these things should be fixed."

Fun but laggy by AaliyahHuggs on 2018/03/09 21:50 To start the most annoying thing in this game is how slow everything loads and how long you have to wait for everything to come! The game keeps freezing and lagging and i really dislike that. It's so frustrating when it lags and you can't do anything. It makes me delete the app. Also the amount of coins you get from spinning is way to low! It takes a lot of time just to get that much! Overall it's a fun game but it needs some fix ups. ☹️☹️☹️☹️☹️"

A version of the game for iOS devices is available to play on the web directly in any compatible browser or through an app that works on PC/Mac or tablet devices. It is also possible to download the mobile version of the game onto iOS or Android devices and play offline. This version includes all of the features that were present in "Coins & Curses 2" which include premium packs, card packs, challenges, AND Cardboard Mode. The PC version has been downloaded over 1 million times since it's initial release in September 2017 and has been downloaded a total of 1.3 million times if both PC and mobile versions are counted together."
