I'm almost broke by Don't get this game on 2019/03/25 18:10 You need to earn coins from spinning the wheel and games but it takes up all of your energy and then gives you 1 coin per fish. So you have to buy more energy with the coins you've already earned just so you can earn more coins. How many levels are there? Who knows because it gives you no way of knowing besides having to look at every level on your own. I've played this game for a few months now and I'm already broke. I've had to start putting coins inside my code so the game will pay out at the end of the month/week because otherwise you won't make it. How do I know? Because after I put in my code, the game pays me what it owes me but then takes money from me when it's trying to be nice and give me a level up bonus or an extra spin or whatever. If you want to spend money then don't play this game because there is no other way to get money easily without spending your own rubies/coins on extra energy. I also don't know how people are buying the "Chat with friends" thing. I have never gotten it to work and I have several friends who also play. So it makes you spend money just to talk to your friends even though you can't even talk to them for free using the in-game chat.",
