Roblox Forums on Imageloupe - These forums are great for finding technical help on a wide range of topics such as how to get better at building or getting cheap tix with cheats or exploits. Roblox Wiki - This wiki is the main Roblox official documentation for the game. It's a great place to start to learn the basics of Roblox.

- The game is too expensive. I cringe when I see that a certain hat costs 2 million Robux. Robux are the currency used in Roblox, and I have no idea where to get them in game. But it's pretty obvious that you have to pay real money for them or use your parents' credit card to access the store. And if you do use your parents' credit card, then they'll try to find out why you were so interested in a child's game and they will most certainly look at the Roblox website or app, which will reveal that there are so many games with suggestive themes/language that it will make your eyes bleed (and your mom/dad's too).

Just make sure that you use the generator by using the official roblox app. You will get a lot of value for your money and it will work perfectly without any problems so there is no need to worry at all.

Please make a map creator way better than the one in game just because it's not as organized. There should be more detail to every single item. Make an option that if you move your mouse over an item it will tell you what that is and how to use it and everything else about the item.

In November 2017, ROBLOX released their third YouTube channel called "ROBLOX Explorers". Also that month they released a collaboration with the popular web comic Homestuck which is called Homestuck Adventure Game.
