So after reading this post, I'm assuming that you've just found it incredibly useful and want to know where to get free Robux. Well if you use this trick, you will end up with at least 1,000 robux a week! I'll be releasing a video in the new year on how to get more robux. If you have any questions, feel free to ask!

This is the perfect method for anyone who does not have any technical skills or experience in order to get free robux on roblox. You don't need any technical skills or knowledge, as all you need to do is to follow the instructions that are provided for you. This should be more than enough for anyone out there to get started with!

On September 30, 2012 ROBLOX Studio was released. This app allowed users to develop games using their tablet devices as well as their computer. Builders Club was also released around this time; however it cost 10 ROBUX to join Builders Club until March 2013 when the price was raised from 10 ROBUX to 100 ROBUX per month.

- The game is too expensive. I cringe when I see that a certain hat costs 2 million Robux. Robux are the currency used in Roblox, and I have no idea where to get them in game. But it's pretty obvious that you have to pay real money for them or use your parents' credit card to access the store. And if you do use your parents' credit card, then they'll try to find out why you were so interested in a child's game and they will most certainly look at the Roblox website or app, which will reveal that there are so many games with suggestive themes/language that it will make your eyes bleed (and your mom/dad's too).

I like roblox but it is still not better than minecraft in my opinion because minecraft have so much stuff, people can do a lot of stuff. I think Roblox needs to get a lot of money so they can improve more stuff than they already got. I love roblox but I still think that it could be way better, so here is some of my ideas 1. It should have better graphics 2. It should have better game servers 3. There should be more new games, but there is a thing what I don't like about roblox is that the games are kind of the same every single time, and you end up playing them too many times 4. The games should either really get harder or really easier
