What I would love to see is more updates for games like minecraft, and many more updates. Also to add new games such as an RPG game (something similar to LOTRO) maybe something similar to wow where you come out of the game and control different characters. If we all work together we can get Roblox updated with these new games instead of waiting till now where there are a lot of glitches.

Rated 4 out of 5 by Anonymous from Very enjoyable I love this game very much. Whenever I play it, it makes me feel like I'm in a fantasy land. It has a lot of fun games to play like the space adventures, castle defense and many others. I would say that reccommended this game to anyone who likes to play on the computer or laptop or anything else with computers. Overall it's pretty good.

Rated 5 out of 5 by Anonymous from I love this game! I love this game. It has a lot of new additions that make it so much better than the past. The only reason why my great reviews are ending is because roblox takes away your reviews at some point even if you've been playing for 2 years and it makes me sad!

Roblox can be a great way to find new friends because it has a lot of free robux codes which you can use for free games. This site really keeps you engaged since there are so many different things that you will want to explore in the virtual world. You will never get bored here because there are so many different games available here for you to play. There are many free robux codes which you will need in order to play these games since they are not actually free if you do not have them inside your account already.
