Most YouTube videos will give you a link that will provide you with a free Robux reward. The amount depends on how many views the video has and the number of subscribers the user has. For example, if an account has over 1 million subscribers, they'll give an extra 2,000 robux for any views that would put them over 10,000,000 views; however this only applies before rewards are scaled down.

This is definitely one of the best ways for anyone to get free robux on roblox, as this has always worked great in the past. I would highly recommend using this method if it is something that interests you!

The canonical website for Roblox is robux.com, but many unofficial websites have been created due to the Roblox website's outdated and limited features. Some of these sites include ROBLOXHQ.com, ROBLOXFanSite.com, ROBLOXFanZone.com, ROBLOXAlbum.com, and ROBLOXFanGallery. These websites have been shut down on multiple occasions due to copyright issues or because they did not comply with the Roblox Terms of Service (ToS).[63] As of March 11, 2014, only the official website will be used for legal purposes by Roblox.

Roblox provides wireless headsets in the form of headphones and microphones. This enables players to communicate through the game, chat with other Roblox users, and play games with other players. In some online games, players are able to play "mini-games" such as "Horseball" that involve shooting a ball across the screen to attack another player. However, in Roblox, mini-games give physical feedback from hitting objects in the game world; for example, when they jump off a ledge in an abandoned mine shaft.

In ROBLOX, safety is one of the main concerns facing parents. The website can sometimes be a risky place for children because they sometimes come across people being rude, bullying, etc. [138]. ROBLOX is doing its best to make sure that its users stay safe while playing games. First, ROBLOX has safety features in place. A "report user" button is at the bottom right of every player's screen. This button appears if someone is acting rude to you in a game. Pressing it leads you to a page where you can add as much detail as you can about what happened and why it was wrong. The person reading the complaint will then investigate the situation and take necessary actions towards offending players. Players have also found ways to use this button for wrong reasons, like falsely reporting users to get them banned from playing ROBLOX.
