In November 2017, ROBLOX released their third YouTube channel called "ROBLOX Explorers". This channel features a series of Epic Adventures which are adventures that will feature a group of friends going on all sorts of amazing adventures. These will include other famous gamers and YouTubers. In February 2018, ROBLOX released their fourth YouTube channel called "Roblox Top Model 5" which features season 5 of the same show as Roblox Top Model. Also that month they released a collaboration with the popular web comic Homestuck which is called Homestuck Adventure Game. On March 6, 2018, ROBLOX released their fifth YouTube channel called "Roblox Top Model 6". This one will feature the same show as Roblox Top Model and will be aired on a weekly basis.

Roblox could be better in one way by adding new games. I saw that tons of people were posting on the forum that they want a new game to play not a great way to spend your time, like if the game was updated and you can play it again, or just say your opinion about what you would like to see in the next update because there are many gamemakers that ask for ideas on a game app idea. or have a contest for ideas.

In 2014, ROBLOX created a partnership with the National Football League (NFL) that allowed users to make digital representations of each NFL team and play Madden NFL in-game tournaments. This has created an online community for Madden fans to play against other players across the United States and Canada. On April 30th 2018 ROBLOX released a new version of its app called Ava. Ava serves to help players craft more interesting games from their favorite video games and cartoons. ROBLOX is the only stop-motion animated game where players can make their own characters in a game and then animate them. Ava has features such as a desktop workspace, a top toolbar that allows users to interact with other Ava users, and a snap menu that allows users to snap any two blocks together to create new shapes or new objects.
