You are able to unlock new levels by reaching certain levels of XP (experience points), with these levels being effectively allowing you to bank more fish (which cost 1 coin each), and spinning more wheels at one time. There are also achievements which can be unlocked. The achievements can range from getting a certain number of fish to completing a mini game with a certain amount of coins in the time limit. The achievement badges you earn contribute to your level, which is displayed next to your name and player ID on the stats page, and contributes 20 XP per badge. You also receive some XP each time you bank fish or spin a wheel. You are awarded coins based on how many XP you have gained throughout playing the game which can vary from 2-10 gold coins per 100XP depending on how much XP you gained that day.",

Love the game but... by jenny1995 on 2018/02/26 21:28 I have been playing this game for a while now and I have come up with a few things that need to be changed. For one, how many times can you run out of troops? You can go through a whole hour without seeing any troops on your screen and then suddenly you will lose all of them! It really needs to be fixed cause it's so frustrating especially when you are in the middle of a battle! Another thing is that after 15 spins, the counter stops at 3 and if you don't spin again it stays there forever until you do spin again. It's too difficult to get enough coins for 15 spins and when that happens it makes me really upset because there are a lot of things I want to buy but I don't have the coins for them. It's just REALLY annoying. If someone was able to fix this, then it would be great!",

In 2015, the game gained attention when a player won a card pack as part of a charity raffle. The player was awarded the card "MYSTIC MINE" by developer United Pixelworkers after taking part in an event via their Twitter account. Mike Miller, the developer of the mobile game, confirmed on his Twitter page that it is an actual card for sale in their store and since then has made appearances in real-world merchandise and as part of cards used in tournaments.",

Addictive by Rachie6666 on 2014/08/27 17:35 I love this game! It's so cool that you can have so many games going at once. You get bonus coins for each one. It's super easy and all I do is swipe my screen and I'm done. It's pretty fun and I love it!",

Coin Master was generally received well by reviewers. Some praised the concept, artwork and its ability to provide both entertainment and nostalgia. Joystiq referred to it as a "trippy looking game" in their review. This sentiment was echoed by Gametrailers who referred to it as "unique". Other critics felt it was too similar to other games, especially "Tetris" and its clones, which were described as being overlaid in general.",
