The game's art-style was inspired by the 8-bit imagery of 1980s games, as well as by paintings and sculptures from the time. The artwork for the coin characters was based on photographs from real coins. The process of designing each coin character took around one hundred man hours. The game is built on a framework of Unity. It was written in C# for iOS, UnityEngine.dll for Android, and Monkey X (Monkey Engine) for PC versions.",

"Coins & Curses Adventures" began development in March 2016 when it was announced that the original game, "Coins & Curses", would be receiving a sequel. For this project United Pixelworkers partnered with developer ZenFantasia and have been working together since then to create a new game engine specifically for this title. A plot synopsis was released in April 2017 detailing the game's setting as a fantasy world similar to that of "Coins & Curses". In March 2018 the official title and date of release for "Coins & Curses Adventures" was announced alongside a promotional video of gameplay.",

Best Game Ever by Mr.QuackMcWack on 2018/05/29 03:13 This game is so much easier to play than the other games I've played. There aren't many glitches, and it doesn't take up so much space. It could use some more decorations but it is still a fun game to play, especially when you are bored and have nothing else to do, or when you need something to distract you from your homework or other things you need to do in life. It is a great free way of making people happier with the challenges this game provides.",

Addictive!!! by Cami914 on 2015/03/29 17:33 This is by far my favorite game. It's so fun and addictive! It would be even better if you could turn off the adds. I just love playing this game, it's never a dull moment and you always have something to do! If you like word puzzles, word searches or just want to have fun, I would highly recommend this app!! I hope the developers add a reward system for opening the app every day as well!",

On April 23, 2018, Moon Active released Coin Master: Hot Air "(Kasegi: Motsuni na Tabi)" for iOS as a paid app (it is not available on Android). This "Coin Master" title features an updated version of the popular video game "Hot Air". The game was released in Japan initially as part of Moon Active's "Coin Masters" series. However, this version of the game was never released outside Japan. This version contains microtransactions which can be removed by paying $4.99 for an ad-free version. The user review for Coin Master: Hot Air is composed of 4.5 out of 5 stars (out of 1 vote) from 1 user, with a user rating of 5 out of 5 stars (out of 1 vote).",
