In an article published by The Washington Post, it was alleged that "It's so popular among young people even that the Chinese government is now trying to ban it." It continued by saying that "The app, which started as a music-sharing app, has rapidly grown into one of the world's largest social networks for young people. It has a wide user base in China and Asia but has also gained popularity in Europe and the United States. But some people in those regions are concerned about whatever is happening on TikTok. They say it is addictive, and they worry it can be used by adults to groom children or teenagers." This article was published on The Washington Post.",

On December 15, 2016, the company launched a version of TikTok for Android phones. The Android version of the app is available in 150 countries. In January 2017, the company launched TikTok Studio for iPhone and iPad devices to give users a more effective way to create videos in their homes or on location. The app was announced as a part of the "TikTok Music" feature that the company launched in August 2016. It also integrates with Record Labels such as Jingle Punks, Spinnin' Records, Monstercat and Deorro's Deoretik.",

On March 10, 2018, TikTok launched its advertising program. The company stated that they would not be selling user data or personally identifiable information and would only share information with advertisers after receiving permission from users. The program was launched in partnership with Housewire Media, Inc. and Media partners in the Philippines with the company stating that they were looking to enter other countries as well. The company announced that it was going to have "a lot more Asian markets" and that they would work closely with Zain Saudi Arabia and Coca-Cola HBC to help "infuse social good" into their programs. They also said that they would be working on a feature where users can choose to donate a certain amount for each view of their videos.",

TFYP was mentioned in an article by PC World under the headline "30 Smart Apps to Improve your Brain". TikTok was launched in August 2017. The app is available in Android, iOS and Windows platforms. The platform's growth has been attributed to its ability to edit video, similar to Instagram stories on the platform. However, TikTok has generally received less coverage from media than other social media sites that have similar apps such as Facebook and Snapchat.",
