As of February 2018, ROBLOX has over 62 million users. [51] In 2017, ROBLOX added a new currency called "Tix". These Tix are used to buy Tickets at the store; the more you spend, the better prizes you get. These tickets can be spent on exclusive items such as Christmas hats. [52]

What I do is take advantage of the events and plan out everything that I want. Once the event is over, I will just go to the Marketplace and wait for it to load. I will then go to the Marketplace and set my price at the lowest price that it can buy for a weapon, then I will wait for a few days. During this time frame, I have been able to sell everything that I have in order to get free robux. And also, you are able to see how much time the event would take depending on how many people enter.

Safe for kids. The roblox website has a large system dedicated to ensuring that all content is safe - filled with age requirements and parental controls to provide protection from inappropriate content being found and viewed by children playing the game online. This is a great safety feature that provides peace of mind for parents looking to let their children play on it. Requires an internet connection to play. This is a small downside and something that can be fixed by using a Wi-Fi connection.
