If you look at the way the majority of games are played you realize that one person or a group of players will have a significant advantage over another unfairly and those who aren't as good will be forced to pay more for their virtual items in order to keep up with the better players. That's not fun.

In 2015, a study concluded that children under 15 years old had made up 38% of Roblox purchases, which was far less than the games with similar genres such as "Minecraft" or "Grand Theft Auto". However, the study also concluded that players over 15 years old had made up 56% of Roblox purchases. This is because they have more money and influence. In addition, the study reported that Roblox is being used for a variety of purposes such as learning about engineering and architecture.

On December 10, 2018, the "Free robux" cards system was removed by ROBLOX. Many players believe that this was done due to scamming of codes and due to players complaining about receiving cards they didn't want.

In April 2011, ROBLOX 'Escape Games' was converted into a mobile app. In July 2012, ROBLOX announced that they had released their second app for Android and iOS: 'ROBLOX TableTop'. In April 2013, ROBLOX officially released the Wallpaper Maker and the Voice Changer tools in the Roblox app. On June 22, 2015, ROBLOX announced that they had partnered with Lego to produce a new Lego-themed game (The first was LEGO Minifigures Online). They also partnered with Mayfair Games (UK) Ltd to release 5 new games based on Harry Potter. The game was released on September 28, 2015 and it was based on the book of Harry Potter and the Philosopher's Stone.

Roblox is a video game platform created by American programmer David Baszucki in 2006 as a social game for children ages 8 to 13. The game is free to play, but contains some limitations like the amount of characters and objects that can be placed in a single game.
