On January 31, 2018 ROBLOX introduced Community Plots. These plots were originally planned to be released on June 30, 2016, but were delayed. However, they came out on January 31 as "Floating Skyboxes". These plots are a way for ROBLOX users to make money from their creativity and imagination. You still use Robux for them. On July, 2018 ROBLOX introduced the Free-to-Play Game Pass that allows new players to play online games without having to pay ROBUX.

The Roblox UI has a webcam in the bottom right corner, and many players have found that other players have used this to take pictures of them or record them without permission. This was also reported on an academic blog site.

This tool has already been verified by many players and I can confirm that it works perfectly fine as intended. Also, if you have any doubts about the tool then you can read the comments section of this article as well or even contact me for any information that you need regarding the Roblox Generator.

On June 26th, 2018, ROBLOX CEO John Hanke made an announcement on Twitter that the company would be removing the ability to create avatars for users within games and requiring new avatars to be created instead. Once this update was implemented however, users were able to create new models based on existing ones and preserve them as a template which they could then upload into games alongside their original avatar. This update was to lower fraud within the site with copyright infringement and promoting copyright infringement by bypassing game mechanics by allowing users to create avatars of other users' games.[21]

Rated 4 out of 5 by Anonymous from Great Game RoBlox is a pretty good game. You can build stuff and play games for free. It's really fun!
Rated 4 out of 5 by Anonymous from This game was good Although it was kind of expensive, it still wasn't that bad. It let me be creative and let me be the hero.
