There are many ways to earn Robux in Roblox such as: – You can get free Robux if you play certain games in which you can win free Robux or prizes that have a high value later on. The more popular the game is, the more people playing it means the game has a higher chance of giving rewards. – Another way to get free Robux is by completing surveys or writing a review. – Playing Roblox games and participating in certain challenges can earn you robux, as well. – You can also earn Robux by performing automated tasks such as watching ads or watching videos.

Like I said, the free robux is a great thing to have in your account for almost everything that you need in the game. And it's also very hard to find free robux. There are other ways to get free robux, but they are very hard if not impossible to get most of them. Also, if you don't want people to actually see your ingame character with free robux, then this is the only way that I have found so far.

On January 12th 2019 RoBoX Studios uploaded a video of them waving in front of cameras. The description of the video said "Moped Wave" and there was a picture of the thumbnail saying "Moped Wave". Fans thought it was an advertisement for one of potential future projects. A few days later they uploaded a second video called "RoBoX Studios". This time they were counting to 12 in front of cameras with different colored backgrounds. On January 22nd 2019, after over a month, they have uploaded another video titled "RōBux". The description teased about a possible RōBux 2, which is a mini game in ROBLOX which is cash oriented. On February 18th 2019, they have posted another video titled "RSK", which is short for ROBLOX Studio Kit. This video showed three new projects that were planned to be released with tips on how to create them. On February 19th 2019, they had uploaded yet another video titled "ROBUX". This was a video where it showed a projected page about ROBLOX and what people play. The description read "ROBLOX has more than 200 million users who love playing Roblox games! Which is why next week we will be releasing RSK - the new Roblox Studio kit! It will feature tons of cool features and tools you can use to make awesome 3d games. Keep an eye out for RSK next week. The post was then deleted, then the video was deleted, likely to stop rumors and speculation of a new studio kit.[48] On February 26th 2019, they released RSK to the public under build mode.[49]

On January 31, 2018 ROBLOX introduced Community Plots. These plots were originally planned to be released on June 30, 2016, but were delayed. However, they came out on January 31 as "Floating Skyboxes". These plots are a way for ROBLOX users to make money from their creativity and imagination. You still use Robux for them. On July, 2018 ROBLOX introduced the Free-to-Play Game Pass that allows new players to play online games without having to pay ROBUX.

On August 28th, 2019, ROBLOX announced that they had implemented a new "Safe Chat" feature into their game catalog.[104] This feature would allow users to talk about anything they want while still ensuring that it is kid-friendly. This removes the previous chat restrictions that all users had and makes it so that younger users can play games without worrying about talking to strangers.
