Roblox has been criticized by parents and others for its age-inappropriate nature, and for encouraging bullying. Some players have reported being bullied while in the game, due to language or other factors. Many of these players have been reported to take their complaints to Roblox's customer service team, only to be ignored or told that it was the victim's fault. It is also reported that the staff are biased towards certain users due to friendship rather than any sort of immorality on their parts.

Using this hack tool is as easy as can be. All you need to do is to go through the guide and follow the instructions that are given for each cheats that are included in it. This is going to give you a great advantage over other players in your game, and it is very simple and easy to use as well!

On March 13th, 2018 the ROBLOX website was temporarily shut down due to multiple exploits on the site. With over 200 million players this has become one of the biggest DDOS attacks in history. The site came back online about 30 minutes later.

ROBLOX's official blog (started on November 19th, 2011) and LiveJournal were used to communicate with the community prior to the creation of the forums. The blog is still active but has been replaced by a Forum that is more conversational tone. The LiveJournal was shut down in October 2016, making ROBLOX one of few third-party sites without one.[12] In January 2017, ROBLOX launched their YouTube channel. The channel currently has about 1 minute and 38 seconds of uploads.

Users actually generally hate ads on ROBLOX, but they do them anyway for there own benefit and gain. Ads are actually a great way of generating revenue for ROBLOX, mostly because they only show up when you have enough money to be annoyed with the ads.
