There also used to be a filter for chat, which blocked any text that contained profanity. However, this feature was removed due to community feedback stating that it should be up to players if they want profanity in their chat.

ROBLOX also shares user information such as email addresses with any business partners that are directly involved in the provision of ROBLOX services, such as developers and advertisers. ROBLOX reserves the right to send or share non-personal information with third parties in order to assist them in providing accurate behavioural advertising and targeting.

Roblox uses multiple methods of advertising. They first started advertising on websites like Nickelodeon, but they have moved to focusing on social media sites like Facebook and Twitter.[66] Roblox also primarily advertises at gaming conventions such as E3 and Minecon. Roblox has an official YouTube channel on which they occasionally stream live events called "Developer Live", where Roblox employees give sneak peeks of upcoming features.[67] They have also recently released a list of YouTubers that are apart of their Developer Program called the "Roblox Ambassador Program". These YouTubers are able to test new features in Roblox before anyone else with the exception of Google employees.

I have always had problems with this game and there are many other people who do too. Like the fact that you can't change your name when your in a group with a lot of people and it makes me very mad when I can't change it because I feel like I am stuck with the name that I have. This also happens when one of my friends gets on my head and they change their name to a bad word which makes me really mad because if someone else was in the group with us then they would be able to see that bad word in big letters. It also makes me mad for a different reason because I really like my name. Anyway, I hope these bugs get fixed in ROBLOX or the next update of ROBLOX.

Two employees who worked on the HR department for Roblox, Abigail Sexton and Aaron Dixon, were eventually fired for allegedly not doing their jobs properly. They both accused David Baszucki of firing them for speaking out about the issues with the company's HR department.
