Rated 5 out of 5 by Anonymous from All time favorite Roblox is the best game ever! I've been playing it since 2008 and have made hundreds of friends I still talk to today. It always has new updates, and the staff is pretty cool. I definitely recommend this game to all ages!

Rated 5 out of 5 by Anonymous from The best game ever! ROBLOX is one of the greatest games I've ever played. It lets you make your own adventures with your friends or in single player mode! This game I'd give a 10/10 because you can build anything you want, and there are still many things to do. For example, if you're tired of building things, there are games to play on Roblox. You can be a police officer, a fire fighter, or even an architect! Roblox is a truly awesome game that needs to be experienced!

In 2018, the company announced that they would be adding new measures in an attempt to stop children from getting weapons and access to violent themes. These measures include making it mandatory for anyone under the age of 13 to provide proof of identity when signing up for a Roblox account. The report also stated that the company has a team of moderators who work with different groups such as parents and educators to monitor games and stop users from being able to access offensive content.

Roblox has been nominated for an O149 Award at Inked Awards 2014. This was for the Developer of the Year category. On January 9, 2018, Roblox won the People's Choice award in the Family category for the 9th Annual Webby Awards.

Roblox is a multiplayer online platform for young people to create their own roblox. One of the features that the app can offer is the ability to speed hack. For example, if you've been playing for a really long time and want to go into the game room before it ends, you can use this feature to speed hack before anything interrupts your game session. Roblox allows you to have complete control of what happens in a game or app by integrating new APIs (application programming interface).
