Another thing I like about Roblox is how inclusive it is. I have learned that all players are welcome to play in this game, and this includes all ages and genders. This can help people meet new people with similar interests as well as find a way to communicate with others online. One time when I played Roblox, I was able to play a game that was very similar to the popular game Fortnite. This is very fun for people who enjoy playing Fortnite because they can play a similar game for free! It also gives people an opportunity to try something new and different while still being able to meet new people online.

Roblox uses multiple methods of advertising. They first started advertising on websites like Nickelodeon, but they have moved to focusing on social media sites like Facebook and Twitter.[66] Roblox also primarily advertises at gaming conventions such as E3 and Minecon. Roblox has an official YouTube channel on which they occasionally stream live events called "Developer Live", where Roblox employees give sneak peeks of upcoming features.[67] They have also recently released a list of YouTubers that are part of their Developer Program called the "Roblox Ambassador Program". These YouTubers are able to test new features in Roblox before anyone else with the exception of Google employees.

Roblox has received a mix of reviews. Many reviews are negative, saying that Roblox is not appropriate for children, as it contains an abundance of violence and inappropriate language. Some parents have raised concerns that Roblox may be a potential platform for sexual predators to target children.

On August 31, 2017, there was a large lawsuit that ROBLOX was involved in. The user "Bella Thorne" had an unverified account that was deleted by ROBLOX due to copyright claims, although these claims were proven false. Then, the account was deleted and the user made a video about how her account got taken down, where she shows screen caps of some users who hate her on the website, as well as saying several bad words such as foul language and racial slurs.

On December 14, 2017, ROBLOX announced that it had partnered with Warner Bros. to produce a game based on the upcoming film "Justice League" (which is scheduled for a 2018 release). The game will be based on Batman's sidekick Robin, and will come in two forms: one which is story-based and one which is puzzle-based. The game was released in Europe on November 28, 2018 and in North America on November 30, 2018.
