In January 2017, Roblox permanently banned all accounts that were created by Arielle De La Rosa. The company said it was because of her "continued behavior", which included actions such as creating Emily Roe and harassing other users, as mentioned above. Although she had been blocked from Roblox for over a year, they said their original ban for her had been lifted in November 2016. They also stated that she could no longer be unblocked on their platform because of previous harassment reports against other players. The ban was not for her actions, but instead because of the continued harassment she had done.

I wanted to create an article about Roblox because it is my favourite online game. I am also writing this blog with the intention to help my friends who are interested in trying out the game. Roblox is free to play and it is very active almost every day of the week; it's a great community as well. I wanted to create an article about how much of a good experience playing roblox has been for me and why I would recommend it to anyone wanting play a free game on their time off or even during school hours.

On May 31st, 2017, ROBLOX announced that they would be adding the ability to purchase ROBLOX Points via PayPal, which will allow for them to offer virtual currency for in-game items and ROBUX purchases.[17] The announcement was made on the official blog.

When playing games on ROBLOX, users are given virtual currency called ROBUX that they can use to buy accessories for their character like hats, shirts, pants, and gear. On March 3, 2014 at 9:00 pm, ROBLOX announced a new app allowing users to use their iPhones or iPads while playing with friends on ROBLOX. They also announced that new features were being added to this existing app.

Mobile App: On September 5th, 2018, ROBLOX released their first official mobile app for iOS and Android devices. The app has various features such as the ability to customize avatars, the ability to chat with other Robloxians, even add people as friends. It also allows users to play games that they can't play on their website.
