ROBLOX has been criticised for not allowing users to report other users who are abusing others or who are being abusive in their games. There have been a number of times where users were able to exploit this and harass other users without consequence. This was especially common on the server "The Plaza", where certain accounts were able to retaliate against other players with no restrictions.

The game is not free of problems and some of them are still not being fixed. The profit issues that confront the company have been allocated to one person, Travis, who is given a large portion of the income. This is unfair as most players have less than \$5 in their account.

This is one of the most reliable options out there that you can use if you need free robux on roblox right away. This will be more than enough for you to enjoy getting free robux on roblox without having to spend any money!

ROBLOX released a new website design on September 17, 2018 (9:00 AM). This update changed many things to help revamp the community and also for users. It includes a revamped chat, which is shown on the right. This update added many new features such as "Continuous Games" and "Better Chat". It also added badges for various events.

On May 24th 2019, ROBLOX announced another update for their Studio 2.1 version. This update, known as "Studio 2.1.1", was released to the public on May 31st 2019.[98] Like many other platforms, ROBLOX also has an adult chat system. This is usually used by roleplayers and other users who wish to talk about mature topics freely. However, players have abused this feature by advertising Roblox pornography websites or trolling innocent users.[99] Some users have also used the system to claim that their username is "Not suitable for children" or use inappropriate usernames in order to get attention from others.[100] It is unknown whether ROBLOX will ever remove this feature from their platform.
