The conference was originally held at the California Academy of Sciences in San Francisco but after two years, it was moved to the Fort Mason Center in 2015 and 2016. Since 2017, it has been held at The Theater Center in San Francisco where thousands of people attended every year since 2016.

On July 1, 2018, ROBLOX began making all of its games free-to-play with a subscription option called "Roblox Pass" that allows users to keep playing their favorite games without having to pay anything after their trial period is over. It will be put on a student's school/work computer and will include ROBLOX STUDENT only games (e.g. ROBLOX High School & ROBLOX High School Life). The "Roblox Pass" feature is only available to users on the official ROBLOX website and all other versions of the game will have to be paid for.

The way Roblox works is by creating an account. In this account, you will be able to make your own avatar that you can customize to look however you want it to. With this avatar, you can go on to explore the different places and games in roblox. You can interact with other players that you meet in the game and even chat with them. There are many different categories of games that you can choose from to play and I like this because you have a lot of options to choose from. One thing that I think is great about roblox is that you do not need to pay any money to play it all the time. This is because you can buy Robux in order to use it for building purposes or for upgrading your avatar. This is great because rather than just paying and continuing to play, if people don't want to pay they don't have to.

Rated 5 out of 5 by Anonymous from I love this game! This game is so fun and addicting! You can create your own avatar or characters and make them the way you want to. Then you can go on adventures with your friends all over various places, such as the woods, Medieval times, Downtown, or even outer space. You can do this in a bunch of different games. Not only is there adventure games, but you can play games like a shooter game, or even just a regular sandbox game where anything goes. My friends and I have been playing this game for years and we love it so much. It's great for kids to play because some of the games are educational and some are not. There are a lot of things to do on this game, and it's worth the money!

Test out games and earn free robux for completing various tasks. The more difficult the challenge is, the more rewards you will get in return. Take time to play video games and collect as much free robux for completing simple tasks.
