On February 2nd, 2019, an announcement was made by ROBLOX as they were planning on allowing users to purchase 'Clips' which are in-game blocks and scenarios that can be used in their games.[108] These Clips would later become part of their new launch system that will be called Studio and released at a later date.

Roblox is a very fun game platform for kids because they can create their own worlds and game scenarios with a lot of mini-games and activities such as playing sports and fighting monsters. Roblox also has many free platforms that have educational purposes which mostly focus on teaching kids about problem solving, teamwork, learning how to share with others and other social issues. The players' avatars can speak their created languages or standard English.

A game called "The Mad Murderer" has been criticized by Roblox users as being violent. The game allows players to kill other characters by using a knife or a gun. It was reported that German and French users discovered the game while they were in Las Vegas for a conference. In response, Roblox changed the coding of this game so that the users can only use the knife when playing the game, instead of using guns as well. Players who used guns on other players would be banned from Roblox. Roblox stated that they were "going to continue to refine the game".

On March 22nd 2018 a father claimed that his young son was being harassed by online predators on roblox. His son was given what he believed to be an authentic phone number for support from roblox but it was actually a phone number for an adult service in California called "Spunky".

Rated 4 out of 5 by Anonymous from Fun and Great For Fun! I've been playing Roblox for almost 11 years now. It's a great game for kids, teens, and adults. If you didn't get this game then you're missing out! It's so much fun to build things with your friends and play thousands of games.
