On March 31, 2010, ROBLOX announced that they would be updating their policy on how they handle user information.[1] On May 5, 2010, a mass email was sent out from the company to its users informing them of changes made to their Privacy Policy and Terms of Use. The changes were made in the name of increased safety and security, and it was stated that the change was made in order to "protect [its] members."

I have always had problems with this game and there are many other people who do too. Like the fact that you can't change your name when your in a group with a lot of people and it makes me very mad when I can't change it because I feel like I am stuck with the name that I have. This also happens when one of my friends gets on my head and they change their name to a bad word which makes me really mad because if someone else was in the group with us then they would be able to see that bad word in big letters. It also makes me mad for a different reason because I really like my name. Anyway, I hope these bugs get fixed in ROBLOX or the next update of ROBLOX.

On September 30, 2012 ROBLOX Studio was released. This app allowed users to develop games using their tablet devices as well as their computer. Builders Club was also released around this time; however it cost 10 ROBUX to join Builders Club until March 2013 when the price was raised from 10 ROBUX to 100 ROBUX per month.
