Awesome game by Nonstopgamer on 2021/04/12 20:34 I really like this game. It is challenging every time and can be played in your spare time while doing other things like studying or reading. There are multiple benefits to playing the game such as earning coins for each level, getting hints if you use them properly, and unlocking the next level of puzzles which I find very helpful. You won't spend any money on it so you can just keep playing without having to worry about any annoying ads.",

Best Game Ever by Ali Bery on 2021/11/30 17:16 This game is so fun and addictive! It's great because you can play with your friends, chat with other players, and customize your character with tons of cute outfits! The most amazing thing about this game is how many different achievements there are to unlock. You can even play a bunch of different mini games to win prizes! But after an hour or two that can start to get boring. So, I would say this game is great for short bursts or if you are bored or when you're on your phone at home."

Great by I'm horrible at this on 2021/01/27 01:34 This app is really fun and addictive, but it has a lot of adds and if anyone knows how to get rid of them or change the amount of them I would be very thankful. Also, I don't care if you have to pay for the in app purchases like some games do, but sometimes it's annoying to see an add when you're almost done with a puzzle."
