Very fun but by Aaawwwwhhhhhh on 2019/01/11 23:29 It is a very fun game and I was loving it until I had played for a few months, then I realized there wasn't much of a point. I feel like if you want this game to be as awesome as it could be you should add some more upgrades. If you play the game for a short period you will be stuck on the same level for a long time. I had been stuck on a certain level for like a month before I decided to play again and it caused me to lose all of my good placements that I had racked up. If you can add some more tokens or something that would make this game better. Also I don't get why all these people got mad because they didn't get an update that they wanted. Sometimes it takes months to put an update out so if you don't get it then there is nothing we can do about it but still let people know since people are really upset that they didn't get the update they wanted.",

Coin master is a free, single-player, casual mobile game created by Israeli studio Moon Active. It is made using a modified version of Unity3D and was released for iOS devices on August 20, 2017. The game can be downloaded from the App Store and is available in English, Spanish, German, French and Italian.",

On August 8th, 2017 United Pixelworkers announced that they would be launching a Kickstarter campaign to raise funds for additional art assets and animations for the game. On September 15th, 2017 United Pixelworkers released their Kickstarter campaign page and began accepting pledges to help support development of this title. The goal is to raise \$50,000 USD by November 5th, 2017. The campaign was funded by over \$70,000 USD on November 5th, 2017.",

In April 2016 Moon Active announced they had signed an agreement with Disney to develop "Coin Master 3" for release in early 2017, targeting a Q4 2017 release in the United States and Canada. The agreement allows Moon Active to continue developing "Coin Master" alongside several other titles they have created including "Monster Park", "World War Monster", "Poke Monsters", and others. The press release stated that "Coin Master 3" will feature new 3D artwork, upgrades to the previous versions gameplay and a "remastered" soundtrack.",

In January 2016, Moon Active launched a Kickstarter campaign to help fund the development of Coin Master 2 on mobile platforms. The developers of this version released an alpha version of Coin Master 2 for Android devices in December 2016. This version didn't reach beta quality however as it was quickly discontinued only three months after launch due to poor user responses regarding bugs and graphic issues. An update was provided in early 2017 which included a new tablet version of Coin Master 2.0 but this version also never went to beta. As of August 2018, Moon Active has removed all of its previous versions from the Google Play Store and App Store for unknown reasons.",
