Raiding by jdjebdndjdkd on 2018/03/28 18:34 Ok so I love the game but I was playing in the classroom and I got attacked by someone else while I was playing it. And I lost all of my troops along with half of my castle. I didn't make it through the game to see if my troops came back but it was just devastating. If you can make the game a little more fair like your secret messages and if there is a new army system that is way more fair. And if you do not want people to attack while you are playing. Then maybe put an option where we can play one by one in our own kingdoms or have a leader board or something like that? I really love the game but I think some stuff needs to be changed. Thanks if you can take into consideration.",

"Coins & Curses Adventures" is a spin-off game based upon the popular mobile game, "Coin Master". It is currently in development and will be released in 2018 on multiple platforms. The game will be an "RPG style" adventure game set in a fantasy world similar to the "Coin Master" universe, however it will not be based entirely around coin collecting and instead feature many new gameplay mechanics.",

The fifth group of "card packs" was released on November 11, 2016. These card packs were formerly available through a special offer for 33% off the base price. The cards were originally released as an exclusive offer for United Pixelworkers' third anniversary.",

"Coin Master" received mostly positive reviews, with many praising the game's gameplay mechanics and humor. It currently holds a Metacritic score of 80/100 for iOS, 83/100 for Android and 71/100 for PC. It is listed on Pocket Gamer's "Pocket Gamer Gold Awards 2016 - Top 10 Best Games".",

Coin Master is also available for Windows Phone 8 devices. The game can be downloaded directly from Windows Phone/Windows Store or from the official Google Play store. The classic Cardboard Mode was created by Andreas Förstl for both iOS and Android devices including but not limited to iPod Touch, iPad & iPhone. It was inspired by various arcade games that would allow players to play with their own heads as a reference. Cardboard Mode was released as a premium in-app purchase for "Coin Master" and was available for Android devices on Google Play on August 14, 2015. The iOS version of the app has been removed from the App Store.",
