Reddit - There are quite a few forums and subreddits for Roblox, but the one I personally recommend is /r/roblox. It got started years ago and continues to be one of the best places to go on Reddit when it comes to Roblox information. They have a subreddit attached to each game, so you can always find information right where you want it.

ROBLOX has been accused of copyright infringement multiple times by numerous people, most notably after the company decided to include music of band Crystal Castles in their popular game The Longest Day.

Roblox claims that she was fired because they found out she was using her workplace computer to dig up personal information about her co-workers and this affected her job performance. However, she claims that the only reason they are saying this is because they found out about her blog post and didn't want the bad publicity. Roblox also provided an email that Chris sent to HR in May of 2017 regarding erratic hours. She says that it was just a single complaint and wasn't fired for it.

The code that has been provided with the promotion will reveal how much free robux is going to be provided with it. Once the code has been used, all of the games that are being played will be completely free.

All developers can have a Builder's Club account. However, some games require payment in order to purchase the Builder's Club membership itself, or for Builders who want more than one account per Builder's Club.
