Coins by CeceCeceCece on 2018/12/13 16:27 I love this game and have been playing it for years. I have reached a level where there is no more available to play and therefore am unable to make any upgrades for my games such as bakeries. It would be great if some of the higher levels were made available as in the past. It really is frustrating having to keep doing the same things over and over and over and over again without ever reaching new levels or being able to use anything you have won towards buying coins etc. Please let us know when new levels are available. I, for one, am ready to play them. Thank you",

Collectors can customize their individual level progression through quests, tournaments, and collections to make their way from Novice Player all the way up to Expert Collector status. Players have access to four different quest types: Fish, Card, Star, and Coin. Players have the opportunity to win rewards such as coins, cards and boosters, which can be collected through collecting cards or completing quests. The greater the number of stars earned in a quest the better the card will be in game play.",

I'm almost broke by Don't get this game on 2019/03/25 18:10 You need to earn coins from spinning the wheel and games but it takes up all of your energy and then gives you 1 coin per fish. So you have to buy more energy with the coins you've already earned just so you can earn more coins. How many levels are there? Who knows because it gives you no way of knowing besides having to look at every level on your own. I've played this game for a few months now and I'm already broke. I've had to start putting coins inside my code so the game will pay out at the end of the month/week because otherwise you won't make it. How do I know? Because after I put in my code, the game pays me what it owes me but then takes money from me when it's trying to be nice and give me a level up bonus or an extra spin or whatever. If you want to spend money then don't play this game because there is no other way to get money easily without spending your own rubies/coins on extra energy. I also don't know how people are buying the "Chat with friends" thing, I have never gotten it to work and I have several friends who also play. So it makes you spend money just to talk to your friends even though you can't even talk to them for free using the in-game chat.",
