I don't really have an answer for you, but I'm sure this is a problem that other people have as well. I think the game needs to be made less serious because people will not want to spend money on fake money (robux) if they know there's no real value behind those items they purchased with their fake money. The best way to accomplish this would be to make hats, shirts, etcetera for gamers who spend more than a certain amount of money.

Because the codes were removed, many players are currently trying to figure out how to get free robux without getting scammed. Players who are too young to have an account and/or don't have a credit card can still get free robux by following these steps:

ROBLOX released a new website design on September 1, 2018 (9:00 AM). This update changed many things to help revamp the community and also for users. It includes a revamped chat, which is shown on the right. This update added many new features such as "Continuous Games" and "Better Chat". It also added badges for various events.

ROBLOX has also been compared to popular game Minecraft. In many ways, they are similar; both games have been developed by one company (Tencent) and are usually sold on the same platform (Windows, OS X, iOS, Android). Another close similarity is that they both have their own in-game currency system. However, Minecraft has a different style of gameplay relating to platforming; while ROBLOX players build and destroy using building blocks, Minecraft players explore a world.

ROBLOX announced they would be making videos, dubbed ROBLOX TV, in early 2017. They released three in total before shutting down all three channels to focus on "Builders Club". The first was a short-lived comedy show hosted by Janitorman and Aron. The second was a short-lived reality show hosted by JhonyFive from the "Testing Grounds". The third was a sports talk show called "Game Time" in which users could discuss various topics pertaining to sports. In each of these shows, they would later add other people to the cast like Woody's Gamertag in Game Time.
