I love Roblox, but sometimes it's hard to keep the game up and you seem to be forced to buy certain games. I think there should be a better way of getting new people in the game and not having so many bad games out there. Everyone is trying to make money off of Roblox, which is good, but I just wish that they could make more updates for the games and keep them working properly.

On February 4th 2019, ROBLOX released some updates for their Studio 2.1. They stated that they would be making many fixes on their website to improve the experience and to make it more stable and bug-free.[95] On February 11th 2019, ROBLOX released "Studio 2.2" which was a major update which contained bug fixes and minor improvements. On February 12th 2019, ROBLOX released "Studio 2.3" which was another smaller update containing bug fixes and minor improvements.[96]

ROBLOX has also been criticised for lacking any kind of quality assurance for its games. There have been many issues with the quality of some games and many users have complained that their game descriptions are not accurate. The site is also frustratingly inconsistent in the manner it deals with things like this, often banning users who complain about bugs and glitches within their games but not actually banning anyone who commits an illegal act, such as copying someone else's game and selling it without permission.

Some parents of children who play the game have said that it is due to inappropriate content and language that their children are spending so much time on the site. Some of these parents reported being harassed by other players on the site when they themselves criticized Roblox. One parent said that far from being a "quality of life" game for his child, it was being used as a distraction to escape from reality. The following comments were made:

On November 10, 2014, ROBLOX launched an invite-only beta for the virtual currency Robux. It was released to a small fraction of its user base whose accounts had been verified by Robotcrab, Inc. The currency was named after ROBLOX's mascot. All games and item purchases could only be made with Robux. The overall value of Robux is dependent on ROBLOX exchange rates in the game itself; however, all players are guaranteed to receive the same amount of Robux (at the same time) regardless of their financial situation or how they choose to use them.
