I wanted to create an article about Roblox because it is my favourite online game. I am also writing this blog with the intention to help my friends who are interested in trying out the game. Roblox is free to play and it is very active almost every day of the week; it's a great community as well. I wanted to create an article about how much of a good experience playing roblox has been for me and why I would recommend it to anyone wanting play a free game on their time off or even during school hours.

On July 1, 2018, ROBLOX began making all of its games free-to-play with a subscription option called "Roblox Pass" that allows users to keep playing their favorite games without having to pay anything after their trial period is over. It will be put on a student's school/work computer and will include ROBLOX STUDENT only games (e.g. ROBLOX High School & ROBLOX High School Life). The "Roblox Pass" feature is only available to users on the official ROBLOX website and all other versions of the game will have to be paid for.

Since August 22nd 2016, ROBLOX has started giving out special items with its gifts based on user's activity on the site. The gift's creator is put in charge of the user's activity and if they are lucky, they can get the special item that the user has been awarded. Since August 22nd, 2016, ROBLOX has given out a special hat for every new user. Every day until September 12th 2016, a new "secret" item was given out every day. On December 11th 2017, ROBLOX stopped giving out secret items at midnight (UTC+8). From December 11th to December 25th 2017, ROBLOX gave out a special item with 30 days of free VIP membership to all users who had signed up for Roblox Prime on their account in the previous year.

The conference was originally held at the California Academy of Sciences in San Francisco but after two years, it was moved to the Fort Mason Center in 2015 and 2016. Since 2017, it has been held at The Theater Center in San Francisco where thousands of people attended every year since 2016.
