The second group of "card packs" was released on August 24, 2016. These card packs were formerly available through a special offer for 25% off the base price. These cards could be purchased in sets of a single character or eight characters. Each set includes six exclusive cards and two bonus cards that are usable in both games (PC and mobile). It is currently possible to collect all twelve free bonus cards if all four character packs are purchased individually after "Coins & Curses 2" is released on PC platforms.",

Noooooo by Binkybunnykitty1234 on 2017/11/02 15:06 There is wayyyy too many ads in this game. It is so frustrating. I lose my lives because of all the ads. I spend money to get better equipment and try to get more lives but then the app glitches and logs me out. Then I am stuck with only a couple of lives left. Then when I go back on the app, it deletes half of my stuff that I worked hard to get, like levels that took me hours and days to complete. I would not recommend this game to anyone.",

Good game but glitches by lokeylovey on 2019/03/12 15:52 I love this game it's very entertaining and fun! However, there are a couple things that I would like to see changed. One being the chat in the game. Whenever I'm in it, all I hear is people asking each other for gifts or sending each other back-and-forth gifting requests which is very annoying. I also have to say that the bugs are pretty severe. For example, I had a chat with another player, which I was supposed to be able to skip, however it turned out that you just have to wait for her. Sometimes when the game glitches during your turn, a few opponents can attack you at the same time and you will lose all your troops while still being on "your" move. Basically, it's very annoying",
