There are some games that can give you more Robux randomly. But the chances of a good game giving you much more than what you're supposed to receive are very slim because the online game developers save these gifts for popular games.

The roblox fly hack is not an entirely trackable game. It has been used to cheat on the game, blow up your inventory with limitless weapons and even get the creator's account. The game uses a form of tracking that makes it possible for people to use loopholes in the system and also detect when someone is using these glitches. The creators of the game have done research into ways to combat this issue, however, no viable solution has been found thus far.

ROBLOX collects account information from users using its Trusted ID system. The process is designed to make it easier for ROBLOX to provide players with a personalized experience and more opportunities to earn credits online. The program does treat user privacy concerns seriously, however, and requires notice before any account information becomes public. Players can adjust their personal settings on their profile page on the website.

The site is very buggy due to the fact that user-created games are made in such a way that users can alter almost every aspect of any game. However, this has upsides too as users can fix most bugs themselves. They have often been taken down because they are "offensive". This is hard to believe since the site has been around for nearly 10 years. ROBLOX allows people to advertise on their site for just about any product they want and will let them earn money with it. However, this can be considered a bad thing in some cases, as advertisers can create "scams", such as charging people \$5 dollars to create a game that can only be played by Admins or other users with unusual settings/roles.

Rated 3 out of 5 by Anonymous from not good I have never played roblox before, but it's now my 3rd or 4th time playing and each time i load it, i get an error to say "login failed - 504". Rated 1 out of 5 by Anonymous from trash My user account got suspended for some reason. I didn't even know what roblox was until i got a message telling me that my account was suspended. That's it! Rated 2 out of 5 by Anonymous from To late Sorry I do not recommend getting this app. I only got it because I thought it would be fun to build a school and have students move in and learning the right skills. But that's not what this app is about.
