"I love this game because anyone can play it, anytime, anywhere. But I just don't quite understand how they are trying to make money. You have these extra lives you win from watching videos or playing other games, but they are not enough unless you spend your actual lives on them through in-app purchases or by downloading another game that requires real money. I would give this game five stars except for the fact that I feel like there's a lot of potential wasted on how they are trying to make money. Hopefully the developers will change their ways. I would love to give this game five stars because the graphics are good, and it is entertaining.";

Awesome game, but.. by Rachel ☐ on 2014/08/03 17:48 This is a great game!! I've been playing it for months now and I still have no words left! You can also do timed puzzles which is always super fun. However, I hate that you have to wait a certain amount of time before you can do another level. That's stupid and I really don't understand why anyone would want to do that!";

Awesome game by Nonstopgamer on 2014/04/12 20:34 I really like this game. It is challenging every time and can be played in your spare time while doing other things like studying or reading. There are multiple benefits to playing the game such as earning coins for each level, getting hints if you use them properly, and unlocking the next level of puzzles which I find very helpful. You won't spend any money on it so you can just keep playing without having to worry about any annoying ads.";

In 2016 Moon Active released Coin Master: Space Invaders "(Kasegi 3: Aratanaru Jettsuu)" for iOS as a paid app (it is not available on Android). This "Coin Master" title features an updated version of the popular video game "Space Invaders". The game was released in Japan initially as part of Moon Active's "Coin Masters" series. However, this version of the game was never released outside Japan. This version contains micro transactions that can be removed by paying \$4.99 for an ad-free version. The user review for Coin Master: Space Invaders is composed of 4.5 out of 5 stars (out of 1 vote), with a user rating of 3 out of 5 stars (out of 1 vote).";

At its launch it had received over one million downloads on Google Play alone. In addition to this milestone it has also been downloaded over 1 million times on Steam and over 1 million times from iOS devices including iPad, iPhone and iPod Touch at its initial release. The mobile versions of the game have had over 10 million downloads to date.";
