According to the ROBLOX website, there are over 15 million registered and active players. Like many other user-generated content sites for young children, ROBLOX encourages users to be safe and responsible on its site. It also has a moderation system that allows members of the community to report profiles and comments that may be inappropriate or offensive. Parents can also choose what games their kids can play, or even disable chat so other players can't talk to their child. ROBLOX has also introduced a new feature called "Guardians" which works like parental controls on most software. It allows players to set a game rating they are comfortable with, so that they can choose between games.

On December 10th 2016, ROBLOX released another update where players could join groups and wear clothes representing their group on their backpacks. However, yet again it was abused by many users who used the feature for monetary gain. As a result of this, ROBLOX removed the functionality and shut down the "ROBLOX Backpacks" section on their website. On May 19th 2017, ROBLOX updated its backpacks feature which allowed players to join groups.[77]

Also, it will never be patched as it is a standalone executable file, so you just have to download it and that's it! No need to worry about anything, no activation or installation required. Just download and use! You can also check out this article by Teletalex on how to get free robux for roblox.

ROBLOX has a number of international offices. They have offices in Canada, Russia, South Korea and Mexico. ROBLOX also has a representative office in Brazil and one in Japan. ROBLOX was sued by a user named Jacob Jones, who created an account on ROBLOX in 2008. Jacob created a game called "Cops and Robbers" with property he created outside of ROBLOX. He also released his own app, which would allow him to earn money from advertising; his app used "Cops and Robbers" as its icon. However, ROBLOX did not want other programs to use the ROBLOX logo without their permission, so they filed a lawsuit against Jacob Jones. This case is still ongoing.[7] In September 2015, the court ruled that Jacob Jones had violated the Terms of Service by using ROBLOX's logo in his app. However, the court ruled that ROBLOX did not hold the copyright for "Cops and Robber's", and Jacob Jones was able to continue using it.[8]

To create a new game, players are introduced to the Roblox engine or "R-Engine". This is the application developers use to create their own games. All of the features in Roblox are available to be utilized by developers.
