For me, I think that one of the most important skills that I have developed is patience. In Roblox I am required to be patient with my friends, because most likely they will not be online when I want to play with them. Posers are also another big part of the game where people pretend that they are someone else but if you tell them they can't do it then they will stop being so fake and start being their true selves again.

In early October 2008, ROBLOX launched a blog that discusses game design techniques, new features and events in detail. This blog is updated regularly with posts from the ROBLOX development team as well as occasional guest posts from other entities such as users and other game developers.[41] In late November 2010, ROBLOX launched a forum with Frequently Asked Questions (FAQs) regarding common problems that users face when using ROBLOX Studio.[42]

Trivia In 2014, ROBLOX created a game called "Tank Trouble" that was very similar to the popular game "Minecraft". This caused a lot of people to leave ROBLOX due to the lack of creativity and stealing other companies ideas. Later on, Minecraft and ROBLOX started exploring ways to work together which ended up in creating an official version of Minecraft on ROBLOX as well as adding multiple features from Minecraft into their site. The official version is called "Bloxburg" and the unofficial version is called "Roxburgh".

ROBLOX has support for other game engines such as Unity 3D in its games (as seen in "Roblox Community Crash Arena Turbo Stars") and supports creation of games mainly through the use of its Studio application. ROBLOX also has their own scripting language known as Lua. The use of Lua allows users to create their own game modes.

On June 7th, 2012 ROBLOX launches "ROBLOX Inc." On September 8th, 2012 ROBLOX launches "ROBLOX Corporation". On November 17th, 2012 ROBLOX and Hintons Online Group Inc. announce that they will make a \$1 million donation to the Myeloma Research Foundation. On December 3rd, 2012, a new trailer was released that has KidScape in it. On December 11th, 2012, a new trading system was added. On December 19th, 2012 a new advertisement of KidScape was released. On February 25th, 2013 another KidScape trailer was released. On March 22nd, 2013 a new game called "PopularMMOS Sandbox" was released.
