ROBLOX runs a no-sell policy that allows for players to earn "robustokens" or Robux. These tokens can be used to both purchase games, games from other users, and in-game items. It also serves as a way to gain currency for in-game purchases such as buying more slots, which helps players advance faster in the game.

I have always had problems with this game and there are many other people who do too. Like the fact that you can't change your name when your in a group with a lot of people and it makes me very mad when I can't change it because I feel like I am stuck with the name that I have. This also happens when one of my friends gets on my head and they change their name to a bad word which makes me really mad because if someone else was in the group with us then they would be able to see that bad word in big letters. It also makes me mad for a different reason because I really like my name. Anyway, I hope these bugs get fixed in ROBLOX or the next update of ROBLOX.

I love Roblox, but sometimes it's hard to keep the game up and you seem to be forced to buy certain games. I think there should be a better way of getting new people in the game and not having so many bad games out there. Everyone is trying to make money off of Roblox, which is good, but I just wish that they could make more updates for the games and keep them working properly.
