Roblox allows its players to participate in in-game events which are typically organized by the administrators of the game. These events may include special tasks for Robloxians or extra items that can be obtained during the events. Players who take part in these events may gain access to different amounts of ROBUX depending on their performance.

On May 31st, 2017, ROBLOX announced that they would be adding the ability to purchase ROBLOX Points via PayPal, which will allow for them to offer virtual currency for in-game items and ROBUX purchases.[17] The announcement was made on the official blog.

Lately, many of the people I know have been playing Roblox games. There are a few different types of games you can play on Roblox; however, the most popular type of game is called Robloxian Life (RL). In RL, you can create your own avatar with different types of clothing and hair to customize it. You then pick a place for your person to live and earn money to buy more food and other items.

On August 21st 2018, ROBLOX removed the ability to sell hats and shirts on their site. This came after a report that showed a lot of users were scamming each other out of money. The system was redesigned and the hats cannot be re-sold.[45][46]
