Roblox gives players the option to purchase membership for High School, Middle School and Elementary years. Players can upgrade their account to a VIP member which gives them time to play online when not connected to school wifi, and playing in moderation on weekends after school. Memberships cost between \$9.99 USD (\$10 Note: this price has increased since August 2018 but was not posted until September 2018) for elementary students, \$12.99 USD (\$13 Note: this price has increased since August 2018 but was not posted until September 2018) for middle school students and \$17.

There are many ways to earn free robux on roblox. You can earn robux by roaming around the map and collecting coins or playing some of our newer games. Playing any game will grant a player with a certain amount of free robux based on their gameplay. For example, one reason is that every hour spent in airplane mode earns 500 Robux; people can also play fun games for free Robux using our keyboard (It's just as easy!).

1. Play games and complete tasks for developers.
2. Play games with your friends and make in-game purchases (i.e buying hats or clothing etc).
3. Watch videos played by other players and make in-game purchases (i.e buying shirts or clothing etc).
4. Buy the games from the store or on a marketplace website like G2A or Openpay 5.

ROBLOX uses cookies, a small piece of data containing a unique identification number that is sent to the user's browser from the web server and stored on the user's computer hard drive. By storing on the hard drive, ROBLOX is able to recall user preferences and settings, such as game scores or user names. ROBLOX uses cookies to monitor how users use the platform as well as how effective its ads are at converting users into paying customers.[3]

I guess that's one of the reasons why Minecraft is so popular; it's simple and easy to understand, because of things like having to collect resources to build things. If you see a home on something like Roblox and Minecraft, it's probably built out of random things a lot of people gave you; whereas in Minecraft there are actual blocks which you can use in the game itself.
