Roblox was launched as a free download with the name of ROBLOX Studio on April 15, 2005. In addition to the free version, Roblox also has a paid version, which was inspired by Roblox Studio's success. A Robux shop has been available since December 2007 (since December 2011 this can no longer be accessed unless you have purchased premium membership), for US\$4.95 (US\$5) per month or \$49.

Once you have successfully installed Secret Scripts and RoboForm, then you can begin using the free robux script. Using the free robux script is very simple since its interface is easy to access for all users who wish to see how it works.

Roblox has been compared to "Minecraft" due to its similar graphics, game building etc. One of the most notable comparisons is the "Roblox Topia" video which can be found on YouTube. This is an instructional video on how to make popular "Minecraft" related structures in ROBLOX.
