There is a rare item that can be found in some games called "the orb" which is a blue orb looking like thing. It comes from a sound that the game creator puts in the game and if you get it, it can be used as an attack to kill the enemy with or to do other stuff like make you invincible. The orb is very rare to get so it is not really good to use if you do not want to waste the item, but I think that this item should be more common, so we don't have to spend too many robux on it.

In August 2016, Roblox announced that they would be offering their service in China. ROBLOX later confirmed that they started to accept users from China in September 2017, during beta testing.[62] Due to Roblox's popularity on Steam Greenlight, they were removed from the platform as of October 17th, 2014.

In response to these criticisms, the ROBLOX website says that "Roblox does not condone the use of unauthorized software programs in games." However, this is not always the case as all users have full access to all of their content. In addition, if a publisher chooses to remove a particular asset from their game they cannot be held accountable for it."

The more points that you earn, the more robux that will be credited to your account. Surveys are usually quick and easy, so no sweat! There are 3 different types of surveys: desktop or laptop online surveys for 10-20 minutes; mobile surveys at home or on the go from 30 seconds – 2 minutes; and video game market research for 15-20 minutes.

On August 31, 2017, there was a large lawsuit that ROBLOX was involved in. The user "Bella Thorne" had an unverified account that was deleted by ROBLOX due to copyright claims, although these claims were proven false. Then, the account was deleted and the user made a video about how her account got taken down, where she shows screen caps of some users who hate her on the website, as well as saying several bad words such as foul language and racial slurs.
